Submission of Supplemental Materials for the 2026 Summer Study Scholarship

The German Society of Maryland is pleased to inform you that one of your students is applying for a scholarship to participate in a 3-week Summer Study program in Germany.

The application process requires two letters of recommendation from teachers (one of which must be the student's German teacher) and a copy of the student's transcripts. These materials must be transmitted directly by the teachers and school to the German Society of Maryland.

If you are the student's German teacher and have already administered the National German Exam to your students, please include the student's raw score to give us another data point in evaluating the applicant. (Unfortunately, we must select our winners before the percentile rankings are announced.) Applicants are not required to take the NGE, but we welcome any information that supports the student's application.

Applicants have been instructed to give a copy of this letter to the appropriate teachers and school administrator to facilitate the timely submission of materials. All materials must be received by ~~midnight, January 5, 2026~~ **midnight, January 9, 2026**.

You may find more information about our scholarships at germansociety-md.com.

Information about the summer program itself, which is conducted by the American Association of the Teachers of German (AATG) and the Pedagogical Exchange Service (PAD), an agency of the German government, may be found at www.aatg.org/summer-study. Please note that AATG offers its own scholarships for this program and you may wish to encourage your students to apply for these scholarships, which have an application deadline in mid-December.

Thank you for your cooperation.
